

DEAR PRINCIPALS, TEACHERS, STUDENTS,

[PeaceJam Belgium](#) is offering a unique opportunity to pilot the **award-winning PeaceJam Compassion in Action curriculum** where the discovery of **13 Nobel Prize winners' life stories** will inspire and help your students find their unique potential and passion to create a culture of peace in their communities.

As part of the PeaceJam pilot program, your students have a once-in-a-lifetime opportunity to participate in a 2-day **PeaceJam Youth Leadership Conference with a Nobel Peace Laureate** held the 17th-19th of November in Louvain-la-Neuve, with secondary school and university students from across all communities (Wallonia, Flanders, the International Community).
